**All nice to type fonts provide a structured glyph order for a better overview – just choose “CID / GID” instead of “Unicode” in your Glyphs overview.**

## InDesign CC example

In addition preglyphs are featured in nice to type OpenType fonts (.otf) to structure our glyph set even more. To save webspace and loading time our webfonts (.woff2) don't come with preglyphs.

25/30 pt Neue Television Light

**Television, sometimes shortened to TV, is a telecommunication medium for transmitting moving images and sound. The term can refer to a television set, or the medium of television transmission. Television is a mass medium for advertising, entertainment, news, and sports. Television became available in crude experimental forms in the late 1920s, but only after several years of further development was the new technology**
